Cost: \$40 a month

Poverty comes in all forms: physical, spiritual, emotional, relational, economic. It robs people of their basic needs—food, clean water, sanitation, healthcare, and education. It destroys hope, purpose, and self-worth. It infects hearts with isolation, apathy, dependency, disconnection, and addiction. Poverty is

life falling short of God's intent. MOHI's mission is to serve children and families in disadvantaged communities through holistic ministry. Be sure to choose the Bondeni School, and let Shirley know you signed up to sponsor with the child number to be linked to ACC for mission trips.

Mozambique & Zimbabwe

Cost: \$140 a month fully supports an orphan.

Children have a 4-tier sponsorship availability in increments of \$35, \$70, \$105 or \$140 a month.

Houses of Hope Africa exists to build, staff, equip, and support orphan homes in order that they can become **self-sustainable** environments. HOUSES OF HOPE AFRICA seek to provide what we agree should be available to every child: a loving home, clothing, food, access to education, and someone to care for them.
